GREEN CERTIFICATES COMING FROM OTHER COUNTRIES THAT DO NOT HAVE THE GREEN PASS

They are recognized certificates coming from:

- Canada
- Japan
- Israel
- United Kingdom of Great Britain and North Ireland
- United States of America

For those not recognized coming from countries not listed above the data that must be present in the vaccination certificate are:
- identifiable data of the holder (name, surname, date of birth);
- data relative to the vaccine (denomination and lot);
- date/s of vaccination;
- identifiable data of the issuer of the certificate (State, Health Authority).

The vaccination certificates, in paper and/or digital format, will have to be written in at least one of the following languages:
- italian;
- english;
- french;
- spanish.

In the case in which the certificate is not released in one of the four languages listed above it must be accompanied by a sworn translation. The validity of the vaccination certificates is the same of the COVID-19 green certificate (EU digital COVID Certificate) issued by Italy.

For the above uses the vaccines accepted in Italy and authorized by EMA, are:
- Comirnaty (Pfizer-BioNtech);
- Spikevax (Moderna);
- Vaxzevria (AstraZeneca);
- Janssen (Johnson & Johnson).

The recovery certificates will have to report at least the following contents:
- identifiable data of the holder (name, surname, date of birth);
- information on the previous infection by SARS-CoV-2 of the holder, successively to a positive test (data of the first positive swab);
- identifiable data of the issuer of the certificate (State, Health Authority).

All the recovery certificates, in paper and/or digital format, will have to be accompanied by a sworn translation. The validity of the recovery certificates is the same of the COVID-19 green certificate (EU digital COVID Certificate) issued by Italy.
